

PureScope 748 White Freestanding Solid Surface Bathtub

[Aquatica Bath USA](#)

★ ADD FAVORITES

The exceptional design of this tub is reminiscent of a beautiful, antique Greek vase. Its imposing, high-end design boasts a usefully wide, sturdy rim and a solid matte surface of Aquatex Matte material, which creates excellent heat retention. The Karolina is one of Aquatica’s largest designs and is ideal for one or two bathers. Not only is it extra deep to provide for full-body soaks, but its ergonomic shape forms to perfectly fit the body and provide ultimate comfort.

Sustainability

AquateX™ is an innovatively ground-breaking and fully recyclable material.

AquateX™ can be used in areas with higher fire safety requirements. The surface won't lose its quality or properties, even at 100°C. If an AquateX™ product is burnt - the material produces a liquid.

The surface of AquateX™ products will not suffer any discoloration or sun damage over time, as it is completely UV-Resistant.
