121 Marina Ocean Reef

Key Largo, Florida

By UpSpring PR

Developed by Blue Jay Capital, 121 Marina Ocean Reef has three levels of luxury residences with over 9 foot ceilings and smart home technology features. Malcolm Berg led the interior design for the project with indoor and outdoor entertaining

MiaCucina, stone countertops, Sub- Zero and Wolf appliances and integrated espresso/cappuccino maker, bar area with Sub-Zero wine cooler. Lounge areas and expansive waterfront views from the spacious terraces range from 540–1,080+ square feet.

The luxury experience also expands into the master bathroom design featuring double vanities, separate water closet with Toto toilet, a simple yet elegant Spoon 2 Freestanding Tub, by Aquatica Bath, a leading international bathroom brand, and separate decadently spacious shower. The Spoon 2 tub has a contemporary and upscale egg-shaped design with a solid and matte surface. Sculpted with a generously spacious interior and low step in height for easy access, the Spoon 2 is one of Aquatica's bigger models, and can comfortably fit two bathers from even 6 feet or taller.
